**PROPOSED FINAL FOIA LANGUAGE for EPA-HQ-2016-002082**

I would like to receive copies of any and all email and written communications related to PCBs between and among appointed officials, employees, or contractors of the Environmental Protection Agency (collectively, "Agents"); and employees, contractors or lobbyists for Solutia, Inc.; Pharmacia; and Monsanto ("Named Companies") that include:

1. All email and other written exchanges between Agents and other Agents that include mention of both:
  - a. Any or all of the following terms or phrases: polychlorinated biphenyls, PCB, PCBs, Aroclor, Arocolor, Therminol, or any other synonym or trade name that refers to polychlorinated biphenyls (collectively, "PCBs"); AND
  - b. Named Companies (to include the name of the company or companies OR names of those working on behalf of the Named Companies; names to be determined by Division Directors OR the provided list of names below).
2. All email and other written exchanges between Agents and Named Companies that mention PCBs.

Email search can, but is not required to be, limited to:

1. Emails of the current Division Directors for the Office of Enforcement and Compliance Assurance (OECA), Office of Land and Emergency Management (OLEM), Office of Pollution Prevention and Toxics (OPPTS), and the regional Administrators Offices.
2. If the current Division Director can provide the names of their predecessors, EPA will search for those individual's email for the supplied search terms
3. If the current Division Directors can provide the names of lobbyists or contractors, EPA will search for emails that were initiated or received by the Division Director to those individual lobbyists or contractors
4. Emails sent from 1995 to present

Written correspondence should:

1. Include written correspondence going back to 1971 or as far back as the Division Directors are able to produce.
2. Include letters, notes, text messages, tweets, etc.

If Division Directors are unable to provide names of responsive Agents or representatives of Named Companies, then limit the search to the following names ***until*** more relevant and responsive names are located and EPA and Complainant have agreed the search is sufficient:
